Notice of Fee Increase on October 1, 2002

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after October 1, 2002, then the amount due may be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on October 1, 2002. See Revision of Patent and Trademark Fees for Fiscal Year 2003: Notice of Proposed Rulemaking, 67 Fed. Reg. 30634, 30636 (May 7, 2002). Although a change to the amount of the publication fee is not currently proposed for October 2002, if the issue fee or publication fee is to be paid on or after October 1, 2002, applicant should check the USPTO web site for the current fees before submitting the payment. The USPTO Internet address for the fee schedule is: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after October 1, 2002 (or mailed with a certificate of mailing on or after October 1, 2002), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Effective October 1, 2002, 37 CFR 1.18 is proposed to be revised to change the patent issue fees as set forth below. As stated above, the final fees may be a different amount, and applicant should check the web site given above when paying the fee.

(a) Issue fee for issuing each original or reissue patent, except a design or plant patent:

By a small entity (Sec. 1.27(a))--\$655.00

By other than a small entity--\$1,310.00

(b) Issue fee for issuing a design patent:

By a small entity (Sec. 1.27(a))--\$235.00

By other than a small entity--\$470.00

(c) Issue fee for issuing a plant patent:

By a small entity (Sec. 1.27(a))--\$315.00

By other than a small entity--\$630.00

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

**DETAILED ACTION**

***Allowable Subject Matter***

1. Claims 16-25 are allowed.

***Reasons for Allowance***

2. The following is an examiner's statement of reasons for allowance:

Regarding claim 16 and 21, the prior art fails to shows "a set-top electronics and network interface unit arrangement for use with an internal network configured to provide a network connection between the set-top electronics and the network interface unit, the set-top electronics and network interface unit arrangement, comprising:

A network interface unit having at least one network interface module adapted for connection to an external network, a transport device, couple to the network interface module, for selecting a single program from a plurality of programs in a first signal received from the external network via the network interface module, and an internal network interface, coupled to the transport device, for interfacing to the internal network, wherein the network interface unit provides a second signal that includes the single program to the internal network; and

A set-top electronics unit having an internal network interface device adapted for connection to the internal network for interfacing to the internal network to receive the second signal from the network interface unit via the internal network, and a signal converter coupled to the network interface device for converting the second signal as received by the internal network interface device to a third signal that is suitable for use by an end terminal, wherein the third signal includes information corresponding the single program, and

Wherein the set-top electronics unit is further configured to re-route the second signal received from the network interface unit via the internal network by examining an address within the second signal and rerouting the second signal if the address is different from an address assigned to the set-top electronics unit.”

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
